"It's a funny thing coming home. Nothing changes. Everything looks the same, feels the same, even smells the same. You realize what's changed is you."

F. Scott Fitzgerald

## A Message from our founder

Stephanie Ellis, CTIE, VTA, TAE

I don't know about you, but I am loving that the sun is showing itself more and more everyday! With the sun comes the busy travel season and we are ready for it! I can't tell you how much we love and appreciate you all for trusting us with your travel planning. Right now it seems like Alaska is the big winner for popular destinations followed closely by Europe. This summer is going to be a busy travel time for many of us in the office as well so we are really excited about the new adventures and the knowledge that we will bring back to all of you. Please remember that even when we are not in the office we are easily reached via phone, text or email; all of the office numbers forward to our cell phones. Our number one priority and the reason I started this company was to put you first!

On my travel docket this summer is a family cruise, a trip to Puerto Rico to act as a tour guide for the Shine 99 radio winners and an agent FAM to Puerto Rico in September. If you ever want to be an "agent for a trip" let me know and you can join our agency FAM!

Until our next Adventure!

# HOW CAN WE HELP WITH TRAVEL

by Ariana Crabtree

Let's face it, with all of the resort options and millions of Google reviews out there, it can all get a little overwhelming trying to plan travel can't it?

Sometimes you just need someone to help you cut through the noise and provide vetted resort choices, so you can cut to the chase and get the honeymoon trip of your dreams or that group trip for the whole family booked.

That's exactly what we are here to help you with. Because travel planning shouldn't be stressful.

Our agents do countless research and training to provide you with the perfect resort and activity fit. We even provide you with destination guides that include information on resorts, activities, dining, emergency contacts, and even electricity,

We are here when you're ready to get started! Reply to this email and let's chat about your next trip!

# WHY HAWAII

by Brianna Buckley

I received the best news this week! Beginning March 26th, there will be no COVID-related requirements for domestic passengers arriving in Hawaii.

Things are finally starting to look like they did pre-pandemic and that means we can get back to our traveling adventures.

I am going to tell you why Hawaii should be at the top of your destination list!

Hawaii has everything from volcanoes to beaches, rainforests, and mountains. The 15 degree temperature variation throughout the year makes Hawaii an ideal destination option year round.

May to October are the warmest months ranging from 75 to 88 degrees. If you are traveling between July to August or December to March, be sure to book early to secure the best flights, accommodations, and prices; as these are the busiest seasons.

The state of Hawaii is made up of 137 "islands" in the span of 1,500 miles. The islands are said to be formed over millions of years from volcanic eruptions under the ocean. Each island is actually the top of an underwater mountain range.

Eight major islands make up 99% of Hawaii's land mass and six are open to tourists. Each island has its own unique landscape, flavor, and personality.

When planning your trip to Hawaii, you may choose to visit one island or all of them. Each of the six visitor accessible islands has a resort options sure to fit your preferences.

Inter-island travel is possible by locally based Hawaiian airlines, ferry services from Maui to Lana'i, or a cruise ship.

Allow Travel Girl to help you with your travel plans to Hawaii. As travel experts, we will put together a customized itinerary to fit your interests and travel type!
